

Terolen®

Many of the top pet food brands have been using Terolen® for over 10 years, because this material is renowned for its comfort and simplicity. The pouch is remarkably smooth and easy to open. The millions of square metres that we've printed, along with our many satisfied customers, are a testament to Terolen's® quality and reliability.

Huhtamaki

Tears easy, opens straight

Terolen® offers a smooth and straight opening. The packaging solution is available in a wide range of shapes and sizes. You can also choose from various opacities, from white to transparent.

The Huhtamaki Advantage

- Opens easily without any treatment of the film, e.g. laser cutting
- Requires minimal force to open
- Optimised for puncture resistance
- Excellent transparency
- Easy Tear in machine direction
- Material can be sterilised
- Good seal strength
- Optimal for transparent or aluminium-based structures
- No modifications needed on packaging line

All our products can be customised to fit your requirements.
