

# Prepress

Enhance the appearance and the integrity of your brand. Our prepress service guarantees that your products will be printed to a high professional standard. We have one of Europe's most advanced prepress facilities, with over 90 years of experience.

**Huhtamaki**

# Performance printing that won't let you down

Many of the top brands in Europe have relied on our prepress services for over 90 years. And for good reason: we've consistently delivered outstanding results. The Huhtamaki brand is synonymous with highest-quality prints and reproductions.

## Powerful security

In Ronsberg alone we produce about 18,000 printing cylinders and 15,000 repros with 55 highly skilled employees yearly. We manage this impressive output while maintaining the utmost standards of quality and efficiency. Worldwide Huhtamaki produces a total of 160,000 printing cylinders at its 10 prepress facilities.

## The process at a glance

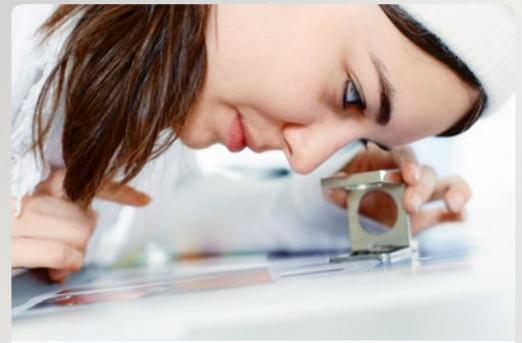

- Pre-artwork meetings and consultation
- Process control right up to print approval
- Preparation of layout and reprographics
- Proof / single impression proof
- Colour management / profile creation
- Engraving parameterisation
- Colourimetry
- Data management via webcenter

## Print Cylinders

We create print cylinders from start to finish, all the way from blank processing through to electroplating and engraving and finally the finished proof. And, of course, we offer customized solutions to fit your requirements.

## The Huhtamaki Guarantee

- The highest quality products and processes
- Cost-optimized workflows
- Fixed deadlines and hassle-free production
- Media-neutral data management
- Quality management according to DIN EN ISO 9001:2000

More security during production

Less cost, time and stress

Consultation even during the layout phase
